

# Executive Program in Social Impact Strategy

## Tuition FAQs

### What is the program cost?

You will receive an exclusive \$500 discount, bringing the tuition to \$4,450. This tuition includes all educational components, making it one of the most affordable ivy-league executive programs available today. A non-refundable registration fee of \$950 is due at the time of registration to secure your spot and receive access to the online platform. Travel and lodging costs for in-person convenings are not included in tuition.

### Are there scholarships available?

The program is offered at the lowest tuition possible without sacrificing the integrity of the educational experience. We are proud to say it is among the most affordable executive programs available today. Because the tuition is already offered at a discounted rate, we are unable to offer any scholarships.

### What does the tuition cover?

Our hybrid curriculum offers extended, cohesive, and participatory education in social impact strategy. We offer eight online courses and two in-person convenings that provide students the opportunity to discuss and collaboratively apply lessons; and many other opportunities to connect with our distinguished faculty and like-minded peers and entrepreneurs from all over the world. We provide a certificate from the University of Pennsylvania upon completion.
